DINGHY RACE INSTRUCTIONS

6:00 pm (night before): All race information will be communicated by email on the night before the race.

9:00 am: site opens, boats can begin rigging and launching. Sailors can choose to get on water early for extra practice or just some more time on the water. We are hoping to stagger launches so the earlier you arrive the better!

11:00 am: First race will start.

Number of races to be determined on the day. Last gun will be no later than 4:00 pm.

Dinghy Sailors, there will be a mandatory sign-in "on water/off water" sheet on side of SPS building (to keep track of boats on the water). Please remind each other.

There will be SPS volunteers in motorboats, helping sailors out when possible.

Remember to pack your lunch, bring drinking water (in a reusable bottle), snacks (litter free, if possible), sunscreen and appropriate clothing for the weather. Lunches will not be provided and will be eaten on the water so be sure to come prepared.
